

# OE Synthetic Motor Oil

## ADVANCED ENGINE PROTECTION AND PERFORMANCE

OE Synthetic Motor Oil is for mechanics and drivers seeking peace-of-mind protection and exceptional value in synthetic motor oil. It delivers 100% synthetic engine protection for advanced automotive technology, including turbochargers and direct injection. OE is specifically formulated for the longer drain intervals recommended by original equipment (OE) manufacturers.

- **Fights** sludge and deposits.
- Achieved **100% protection** against LSPI.<sup>2</sup>
- **API-licensed** to meet the requirements commonly found in owner's manuals.
- **47% more wear protection**<sup>1</sup> than required by the GM\* dexos1® Gen 2 specification.

## PROVIDES ADVANCED WEAR PROTECTION

- **Provides** excellent wear control and protects critical engine parts like pistons and cams.
- In testing, AMSOIL OE Motor Oil provided **47% more wear protection**<sup>1</sup> than required by the GM dexos1 Gen 2 specification.

<sup>1</sup>Based on independent testing of OE 0W-20 in the Peugeot TU3M Wear Test as required by the dexos1 Gen 2 specification.

<sup>2</sup>Based on zero LSPI events in five consecutive tests of AMSOIL Signature Series, XL and OE 5W-30 Motor Oil in the LSPI engine test required by the GM dexos1 Gen 2 specification.

## PROTECTS PISTONS FROM LOW-SPEED PRE-IGNITION

- Features **unique chemistry** proven to protect your engine against the harmful effects of low-speed pre-ignition (LSPI).
- Achieved **100% protection against LSPI<sup>2</sup>** in the engine test required by GM's dexos1 Gen 2 specification – zero occurrences were recorded throughout five consecutive tests.

## KEEPS ENGINES CLEAN

- **100% synthetic** structure is engineered to remove harmful contaminants.
- Synthetic base oils naturally **resist chemical breakdown** to help prevent deposits.
- **Detergent** and dispersant additives provide excellent sludge and deposit fighting properties.
- **Helps** keep your engine clean, reliable and running at peak performance.

## PROTECTS IN ALL TEMPERATURES

- **Ideal** for today's hotter running engines with synthetic base oils and advanced additive package.
- **Uniform structure** stays fluid in low temperatures for easier cold starts and rapid lubrication of components to reduce startup wear.

## IMPROVES FUEL ECONOMY & MAINTAINS LOW EMISSIONS

- Licensed by the **American Petroleum Institute (API)** to meet and exceed the requirements commonly found in owner's manuals.
- Excels in **fuel-economy** testing, earning the additional "Resource Conserving" designation from the API.
- Friendly toward modern **emissions-control systems**, promoting proper operation of catalytic converters for optimum service life and low exhaust emissions.
